

ARIZONA QUESTERS POP-UP EVENTS

On Jan. 9, 2024 – Arizona Questers popped –up at the Orpheum Theater in downtown Phoenix. Over 20 of our members with their guests, gathered to tour and learn about the history contained within the walls of the Orpheum Theater. We learned how the Greek god – Orpheus and his lions, still have a great presence within the theater, we heard the echo of our own voices in the kissing room, we were serenaded by the Wurlitzer Theatre Pipe Organ, and we saw the beautiful craftsmanship of years past when we descended the beautiful peacock staircase. We learned how this iconic theater came to Arizona, how it was almost destroyed until the Junior League Of Phoenix banded together to save it and successfully saw it through to the 1997 renovation.
